**1. Why did you come to the Faculty of Education for Children and Special Educational Needs of the University of Debrecen, Hungary? What made you want to study in Hajdúböszörmény?**

This faculty was a little similar to mine because I am going to be a primary school teacher, and it was interesting to know more details about the children. Also I liked the staff, the professors and teachers in this Faculty. Everyone was very friendly and helpful to us.

**2. What did you study here?**

We studied a lot of different subjects, from how to take care to students to Romani (Gypsy) people's education.

**3. Tell us about your best experience at our University / in Hungary.**

I have many memories from there which warm my heart when I think about the days that I spent in Debrecen. But I think one of the best memories is that when we went to the school for mentally disabled students. They were so charming and lovely.

**4. What was your worst experience during your Erasmus?**

It definitely was that I was without my bank card. I forgot all my cards in Kazakhstan so I couldn't handle money. And I opened a new card in Hungary. It was really challenging.

**5. I will never forget .....**

I will never forget the day when I came to Hungary.

**6. Imagine that one of your friends wants to do Erasmus in Hungary. What would you tell him/her?**

You should go there! I'm sure. It's a wonderful experience.
