Erasmu+ BIP

On a personal level, I feel incredibly fortunate to have had the opportunity to participate in this journey. The insights gained into pedagogy, school systems, and child development have been truly eye-opening. I've learned so much more than I anticipated.

Moreover, I am particularly delighted by the connections I've made with participants and experts in the field. The collaborative discussions and exchange of ideas have broadened my perspective and sparked new interests. These connections will undoubtedly serve as valuable resources as I continue to delve deeper into the realm of education.

Lastly, I must mention the significant improvement I've noticed in my English language skills throughout the trip. Engaging in conversations, presentations, and discussions in English has boosted my confidence and fluency. I feel more comfortable expressing myself in English now. I am truly grateful for the opportunity to have been a part of this journey Erasmus BIP.
