

Feedback BIP Hungary

I chose the BIP program because I saw it as a great opportunity to gain an international experience. When I came, I didn't really have any expectations because I have to admit that we weren't prepared very well for what we were really going to encounter. But the many activities we undertook (visiting kindergartens and schools, international exchanges, ...) left me with very good impressions. I was most impressed by the hospitality.

My favorite part was the International Night with the food, the dances and the exchange. But I thought it was a shame that it was interrupted so quickly, as I would have liked to talk to the others for longer.

I have been able to make many new friends here and also overcome my inhibitions about speaking English.

Finally, I would like to leave some constructive feedback. For me personally, the breaks were too few. A whole day from early in the morning until late at night is very exhausting and therefore I would have liked the program not to last until late in the evening or to have a longer lunch break.

The scavenger hunt and the International night, on the other hand, were absolutely great.

Best wishes,
